

I hope that cherman Miceal Powell will think long and hard before he makes the final decision to allow big conglomerate to take over major TV and radio station, with out giving us, the People which should by law, have all the Power, any choices. This was done with our our knowledge and behind our backs. This would be the ultimate insult to all of us and to the freedom of ideas in journalism and media. I'm against this rule and I would like to see this put in as a referendum and WE the People will decide and let the majority win.
